Good afternoon—in preparation for tomorrow's 319 meeting, please find attached the requested PA WIP/319 cross walk with some outstanding questions to be addressed during the meeting. We utilized EPA's 319 nine elements guidance document and outlined how the PA WIP meets or exceeds each of these nine elements. Also attached are the associated documents noted in our responses to each element. Please advise if more is needed or with any questions.

Thanks  
Kristen
